# SPRING HAS SPRUNG!

Here in Decatur County, the signs of spring are everywhere! From the green grass to the calves in the fields, it's evident that we are entering a new season. Sadly, winter's snow was covering up all kinds of plastic debris in our culverts and along the highway.

Now is the time to consider sprucing up our beautiful county.

- Collect the trash out of the ditches and culverts and dispose of it, or recycle it, if it's not too dirty.
- Join our Community Clean Up Challenge!

These are the new spring  
babies I see on my way to  
work each day. One of them is  
always running and kicking up  
his hind legs. What a way to  
welcome spring!

The background features a stylized landscape with rolling hills. The top portion consists of light blue and white wavy bands, while the bottom portion consists of various shades of green wavy bands. The text is centered in the white space between the blue and green hills.
